TARGET AUDIENCE

Paediatric intensive care nurses, paediatric intensive care specialist trainees, registrars and consultants, other allied health service professionals and commissioners.

KEY AIMS AND LEARNING OBJECTIVES

- To learn and understand the key findings relating to care quality indicators in the PICANet annual report
- To provide a forum for discussing current issues in paediatric intensive care across a multidisciplinary group of practitioners
- To learn about proposed changes to the critical care service
- To learn and reflect upon how innovative methods of audit reporting and feedback can optimise the outputs of audits and improve quality of care
- To share best practice in providing clear and adequate information to allow critical care transport teams to make the appropriate clinical decisions and data to be collected for audit purposes
- To learn about the rare real life experience of dealing with a major incident and the impact on the paediatric intensive care unit
- Learn about how paediatric intensive care services are organised and delivered in an Eastern European healthcare setting & how the UK experience of PICANet is being translated to create a Baltic network to promote audit and research
