Attendance is free and everyone will be welcome

Please contact Sarah if you have any suggestions or recommendations for this year's meeting.

PICANet Annual Report 2011

Thank you to all the units who got their 2010 data in by the deadline. Given the pressures on units over the winter months it really is appreciated. Those units yet to submit their completed 2010 data have been contacted by Sarah Skinner.

Breathe-on UK Questionnaire

In December 2010 the Charity "Breathe-on UK" was awarded a grant by the Department of Health (DH) to develop PROMs (Patient Related Outcome Measures) relating to the nature and quality of the care received by children and families on long term ventilation receive.

Professor Peter J Fleming has been working with Breathe-On UK to help develop a Questionnaire that can be used to collect this information. The information is to be collected and anonymised by the Charity via its website. The Charity will be assisted by Professor Fleming's group in Bristol in the subsequent analysis of the data collected. No identifiable patient or clinician information will be provided. The results of this study will be reported to the DH, and submitted for publication in a peer-review journal.

Letters explaining the project have been circulated to PICANet contacts. If you would like to look at the questionnaire go to: <http://www.breatheon.org.uk/proms> Further information can be found on the PICANet website www.picanet.org.uk

PICANet Staffing Study 2010

We have now received completed staffing survey forms from all units. Thank you to all the staff involved in completing the forms ensuring the 100% return. The Data will be published in the 2011 Annual Report.

The PICANet ARF audit

Currently data on 386 admissions has been submitted from 19 units. Caroline has already contacted those units who have yet to submit their data.

If you have not already submitted please do so by the 25th March.

Website Pilot

Many thanks to all those units who volunteered to test the new web-based system for data entry. PICANet staff are currently in the process of testing the new system. The piloting of the web system in the units will be rolled out in a staggered fashion. Units who have volunteered will be contacted in the very near future.
