* The National Data Opt-Out is not applied to data originating from care providers based within England. Exemption for PICANet non-research (21/CAG/0090) approved by the Health Research Authority Clinical Advisory Group.
PICANet will apply the National Data Opt-Out (England) to the processing and/or release of data for secondary uses, such as approved research projects, where the identifier fields require processing specifically for this use. NB. Third party access requests are assessed individually for their legal basis. For more information on English NHS data sharing for uses outside of the NPCCA programme, please see: NCAPOP Privacy Notice – HQIP
